SPONSORSHIP PROSPECTUS

WHAT IS ECONHACKS?

EconHacks is the largest economic hackathon aimed at connecting programming skills, AI, and IT to solve current day economic problems. EconHacks is the first of its kind. It is a 24 hour hackathon supporting both new and experienced coders to fight economics related issues. EconHacks aims to make a lasting impact on the coders of tomorrow and help increase the awareness among the youth to work about economics.

OUR MISSION

Our goal is to empower the youth with innovation in economics with the help of AI and IT. During the, COVID-19 pandemic, many workers have lost their livelihood, countless companies are facing heavy losses, and smaller ones are closing down. It is the need of the hour to to find sustainable solutions to this economic deterioration. EconHacks has the vision for innovation in the economics field with the use of computers. Our dream is to bring revolution in economics with the help of young coders. Your contribution does not only promote your your product but also give you an opportunity to introduce the younger generation to coding and economics in the form of workshops.

WHY SHOULD YOU SPONSOR ECONHACKS?

EconHacks gives organizations and businesses a chance to formulate workshops for the introduction of economics and programming to our inexperienced participants. Additionally, emails of participants will be available to certain sponsors in order to build connection to the youth. In terms of promotional benefits, EconHacks will feature your logo on our website and you will be able to give a speech to our participants during the inauguration and award function.

WORKSHOPS

EconHacks aims to not only reach the experts in the field but also student looking to gain experience in economics thus we have laid the provision of workshops to be conducted by our sponsors. Workshops will be based on macroeconomics, microeconomics, AI, web development, app development, etc.
